

311317 rev.A

This exploded view diagram illustrates the components of a spray gun assembly. At the top left is a coiled high-pressure hose with a quick-connect fitting on one end and a standard hose connector on the other. Below the hose is a long, thin spray lance with a trigger gun at one end and a spray tip at the other. To the right of the lance is the trigger gun assembly, which includes the main handle, a trigger, and a spray tip. Several small O-rings and a pin are shown near the trigger gun, indicating their assembly points. At the bottom right, a spray tip is shown with its retaining pin and O-ring.
